

Mr Jon Harding, Superintendent

2023-2024 Service Cost Information

"The Kansas State School for the Blind is a special purpose school for students 3-21 years of age who are visually impaired and are referred by their local school district for observation at KSSB in consideration of a placement decision. KSSB is a secondary service provider that assists school districts in their provision of a Free and Appropriate Public Education for their students, through time-limited campus placements and statewide field services."
